§ 1.1297-3T Deemed sale election by a United States person that is a shareholder of a passive foreign investment company (temporary).

(a) *In general.* Except as indicated below, a shareholder of a foreign corporation that no longer qualifies as a passive foreign investment company (PFIC) shall be treated for tax purposes

as holding stock in a PFIC and therefore continue to be subject to taxation under section 1291 unless the shareholder makes the election under section 1297(b)(1). This continuing PFIC taint shall not apply to stock in a PFIC for which an election under section 1295 to be a qualified electing fund (QEF) has been in effect throughout that portion of the shareholder's holding period during which the PFIC qualified as a PFIC. A U.S. person making the election under section 1297(b)(1) shall be treated as having sold its stock in the PFIC on the last day of the last taxable year of the foreign corporation during which it qualified as a PFIC (termination date). The shareholder thereafter shall not be treated as holding stock in a PFIC and shall not be subject to taxation under section 1291. The deemed sale is taxed as a disposition under section 1291. Pursuant to that section, the gain, if any, is considered earned pro rata over the shareholder's holding period in the stock and is taxed as ordinary income. The tax on the gain is based on the value of the tax deferral and includes an interest charge. Any loss realized in the deemed sale may not be recognized. This section provides rules for making the election under section 1297(b)(1). The election is available to a U.S. person that is a shareholder of a foreign corporation if—

(1) The foreign corporation was a PFIC at any time during the period the U.S. person held the stock;

(2) At any one time during the U.S. person's holding period, the foreign corporation qualified as a PFIC but was not a QEF; and

(3) The foreign corporation is no longer a PFIC within the meaning of section 1296.

(b) *Time and manner of making the election—*(1) *In general.* The shareholder shall make the election under this section and section 1297(b)(1) by filing an amended income tax return for its taxable year that includes the termination date within three years of the due date, as extended, for the shareholder's tax return for such taxable year. The shareholder must attach to the amended tax return either Form 8621 or a statement, prepared in accordance with

paragraph (c)(2) of this section, reporting the gain on the deemed sale of the stock as required by section 1291(a)(2) (as if such deemed sale occurred under section 1291(a)(2)), and by paying the tax on the gain as required by section 1291 (including the payment of the deferred tax amount required under sections 1291(a)(1)(C) and 1291(c)). The electing shareholder also shall pay interest, pursuant to section 6601, on the underpayment of tax for the taxable year of termination. An electing shareholder that realizes a loss shall report the loss on Form 8621, but shall not recognize the loss.

(2) *Information to be included in the election.* If a statement is used, the statement should be identified, in a heading, as an election under section 1297(b)(1). The statement must include the following information and representations:

(i) The name, address and taxpayer identification number of the electing shareholder;

(ii) The name, address and taxpayer identification number, if any, of the PFIC;

(iii) A statement that the shareholder is making the election under section 1297(b)(1);

(iv) The period in the electing shareholder's holding period in the stock during which the foreign corporation was a PFIC, the period during which it was a QEF (and whether the shareholder elected under section 1294 to defer payment of its tax liability attributable to any portion of such period), and the termination date;

(v) The manner in which the PFIC lost the characteristics of a PFIC;

(vi) A schedule listing the shares in the PFIC held by the electing shareholder on the termination date, listing the date(s) each share or block of shares was acquired, the number of shares acquired on each date listed, and the tax basis of each share;

(vii) The fair market value of the stock in the PFIC on the termination date; for this purpose, the fair market value of the stock shall be determined according to the rules of § 1.1295-1T(b)(9); and

(viii) A schedule showing the computation of the gain recognized on the deemed sale, and a calculation of the

deferred tax amount, as defined in section 1291(c).

(3) *Adjustment to basis; treatment of holding period.* An electing shareholder that recognizes gain on the deemed sale of stock shall increase its adjusted basis in the stock by the amount of gain recognized. An electing shareholder shall not adjust the basis in stock with respect to which the shareholder realized a loss on the deemed sale. An electing shareholder shall thereafter treat its holding period in the stock, for purposes of sections 1291 through 1297, as beginning on the day following the termination date without regard to whether it recognized gain on the deemed sale; for section 1223 purposes, the holding period in the stock in the PFIC shall include the period prior to the deemed sale.

(c) *Application of deemed dividend election rules—(1) In general.* A shareholder of a former PFIC, within the meaning of § 1.1291-9(j)(2)(iv), that was a controlled foreign corporation, within the meaning of section 957(a) (CFC), during its last taxable year as a PFIC under section 1296(a), may apply the rules of section 1291(d)(2)(B) and § 1.1291-9 to an election under section 1297(b)(1) and this section made by the time and in the manner provided in paragraph (b) of this section.

(2) *Transition rule.* If the time for making an election under this section, as provided in paragraph (b) of this section, expired before January 2, 1998, a shareholder that applied rules similar to the rules of section 1291(d)(2)(A) and § 1.1291-10 to an election under this section made with respect to a corporation that was a CFC during its last taxable year as a PFIC under section 1296(a) may file an amended return for the taxable year that includes the termination date, as defined in paragraph (a) of this section, and apply the rules of section 1291(d)(2)(B) and § 1.1291-9 at any time before the expiration of the period of limitations for the assessment of taxes for that taxable year.

(3) *Effective date.* The rules of this paragraph are effective as of January 2, 1998.

INCOME AVERAGING

§ 1.1301-1 Averaging of farm income.

(a) *Overview.* An individual engaged in a farming business may elect to compute current year (election year) income tax liability under section 1 by averaging, over the prior three-year period (base years), all or a portion of the individual's current year electible farm income as defined in paragraph (e) of this section. To average farm income, the individual—

(1) Designates all or a portion of his or her electible farm income for the election year as elected farm income; and

(2) Determines the election year section 1 tax by determining the sum of—

(i) The section 1 tax that would be imposed for the election year if taxable income for the year were reduced by elected farm income; plus

(ii) For each base year, the amount by which the section 1 tax would be increased if taxable income for the year were increased by one-third of elected farm income.

(b) *Individual engaged in a farming business—(1) In general.* Farming business has the same meaning as provided in section 263A(e)(4) and the regulations thereunder. An individual engaged in a farming business includes a sole proprietor of a farming business, a partner in a partnership engaged in a farming business, and a shareholder of an S corporation engaged in a farming business. Services performed as an employee are disregarded in determining whether an individual is engaged in a farming business for purposes of section 1301. An individual is not required to have been engaged in a farming business in any of the base years in order to make a farm income averaging election.

(2) *Certain landlords.* A landlord is engaged in a farming business for purposes of section 1301 with respect to rental income that is based on a share of production from a tenant's farming business and, with respect to amounts received on or after January 1, 2003, is determined under a written agreement entered into before the tenant begins significant activities on the land. A landlord is not engaged in a farming business for purposes of section 1301

with respect to either fixed rent or, with respect to amounts received on or after January 1, 2003, rental income based on a share of a tenant's production determined under an unwritten agreement or a written agreement entered into after the tenant begins significant activities on the land. Whether the landlord materially participates in the tenant's farming business is irrelevant for purposes of section 1301.

(c) *Making, changing, or revoking an election—(1) In general.* A farm income averaging election is made by filing Schedule J, "Farm Income Averaging," with an individual's Federal income tax return for the election year (including a late or amended return if the period of limitations on filing a claim for credit or refund has not expired).

(2) *Changing or revoking an election.* An individual may change the amount of the elected farm income in a previous election or revoke a previous election if the period of limitations on filing a claim for credit or refund has not expired for the election year.

(d) *Guidelines for calculation of section 1 tax—(1) Actual taxable income not affected.* Under paragraph (a)(2) of this section, a determination of the section 1 tax for the election year involves a computation of the section 1 tax that would be imposed if taxable income for the election year were reduced by elected farm income and taxable income for each of the base years were increased by one-third of elected farm income. The reduction and increases required for purposes of this computation do not affect the actual taxable income for either the election year or the base years. Thus, for each of those years, the actual taxable income is taxable income determined without regard to any hypothetical reduction or increase required for purposes of the computation under paragraph (a)(2) of this section. The following illustrates this principle:

(i) Any reduction or increase in taxable income required for purposes of the computation under paragraph (a)(2) of this section is disregarded in determining the taxable year in which a net operating loss carryover or net capital loss carryover is applied.

(ii) The net section 1231 gain or loss and the character of any section 1231
